

P4EU meeting at Institut Pasteur – June 5-6 2014

Programme (Draft 1) – Protein complexes

Day 1.

17:00 Meeting presentation

17:15 Main lecture (Protein complexes: molecular mechanisms of the interactions)

18:00 Discussion: Horizon2020: an opportunity for the protein platforms?

19:00 Social dinner

Day 2. Protein complex production, characterization, and structural resolution

8:30-10:10 5 short presentations (15+5 min) (**Biophysical characterization – shared meeting**)

10:10-10:30 Coffee break

10:30-11:50 4 short presentations (15+5 min)

11:50 Good practice in protein data presentation

12:10 Eukaryotic expression: a critical summary (Sabine)

12:30-14:00 Buffet

14:00-15:30 Conclusions & Perspectives
